To Whom It May Concern:

I met Jillian Stein through a referral from our entertainment attorney at Pierce Law Group. I was the principal investor in a new film, but had no prior experience investing in the entertainment industry. With legal control of all aspects of the film financing, my attorney recommended that I hire Jillian to be my "Industry expert," and to have her manage all of the finances throughout the production of the film.

Jillian not only educated me on how the financing and budget accounting worked for a feature film project, I directed her to be my "eyes and ears" for the day to day operations, updating me regularly on the progress of the production. Her knowledge of film production, her detailed organizational skills, and her utmost professionalism proved to be crucial resources for me throughout the entire process.

Although I hired Jillian for a very specific role within the production, it was very clear that she was the most qualified leader on the entire team. If I had my choice all over again, I would absolutely hire Jillian as the main Producer for the entire film project.

During my acquaintance with Jillian, she has been efficient, professional, organized, and a leader. She has my highest recommendation for the position of Producer.
